

ASHWIN KUMAR T A

IT INFRASTRUCTURE / SECURITY

Bengaluru, Karnataka | ashwinkumarta@outlook.com | +91 - 8880069743

Accomplished IT Infrastructure Expert with 10+ years of experience in securing and optimizing complex enterprise environments. Proven leadership in deploying security frameworks, implementing endpoint security solutions, and enhancing cloud and network infrastructures.

AREA OF EXPERTISE

IT Infrastructure	Network & System Administration	Security Operations & Risk management
Firewall Management	Cloud & Endpoint Security	Compliance & IT Governance

KEY SKILLS

- Cybersecurity & Risk Management – Threat Intelligence, VAPT, Incident Response, SIEM, DLP
- Network & Firewall Security – LAN/WAN, VPN, Network Hardening, Firewall Rules Optimisation.
- Cloud & Endpoint Security – AWS, Azure, Data Loss Prevention, IAM.
- Compliance & IT Governance – ISO 27001, Policy Implementation, ITIL.
- IT Operations & Service Management – ITIL, ITSM, Configuration Management (CMDB), SLA Management, Asset Management.
- Strategic IT Planning & Cost Optimization – Budgeting, Vendor Management, OPEX/CAPEX Optimization
- User Awareness & Training – Security Awareness Programs, Internal Audit Support, Team Leadership
- Backup Management: Implementation of automated backup strategies ensuring data availability and compliance.
- Storage Administration: Managed NAS storage with replication, provisioning, and performance optimization.
- Disaster Recovery: Performed DR drills and backup validation to achieve defined RTO/RPO objectives.
- Data Protection: Optimized backup schedules, reducing storage costs while maintaining reliability.
- User & Access Management: Administered Active Directory, group policies, and role-based access control.

PROFESSIONAL EXPERIENCE

Head, Bhupati Techno Services

Jan 2025 – Present

- Led IT infrastructure, cybersecurity, cloud, and managed services delivery for healthcare, finance, NBFC, startup, and enterprise clients.
- Designed and implemented secure enterprise architectures covering networks, firewalls, servers, cloud (AWS/Nxtgen), and hybrid environments.
- Owned information security governance including ISO 27001/ISMS, risk assessments, internal audits, VAPT coordination, and compliance reporting.
- Implemented Microsoft 365 security and device management (Entra ID, Intune, Defender, Purview) to strengthen identity, endpoint, and data protection.
- Acted as client-facing technology and security advisor, translating business requirements into scalable, compliant technical solutions.
- Led vendor management, pre-sales solutioning, documentation, and operational frameworks, ensuring reliable and audit-ready IT operations.

Sr Manager, Shecommerz Market Services Pvt Ltd

May 2024 – Jan - 2025

- Led the implementation of CrowdStrike Falcon endpoint security and SIEM, reducing security incidents.
- Established an InfoSec team to oversee cloud security, firewalls, and endpoint protection.
- Optimized firewall policies, VPN configurations, and AD/GPO management for 10,000+ users.
- Streamlined IT asset management and security policies, improving compliance with ISO 27001.
- Managed IT budgets, achieving cost reductions through strategic vendor negotiations.

Manager, IIFL Samasta Finance Ltd

April 2017 – April 2024

- Implemented OPEX-based procurement strategy, cutting IT expenses and improving budget efficiency.
- Designed and managed network infrastructure (firewalls, VLANs, VPNs, LAN/WAN) for high security.
- Led the deployment of centralized CCTV surveillance (2000+ cameras), enhancing monitoring capabilities.
- Conducted security audits and VAPT assessments, ensuring regulatory compliance.
- Developed and enforced IT policies for endpoint security, cloud infrastructure, and DLP.
- Recognized with the Gaurav Award (3 times) for outstanding contributions.

Testing Technician, ICT Service Management Solutions Pvt Ltd

2014 – 2017

- Performed RF testing and calibration of L3 mobile devices, ensuring compliance with industry standards.
- Managed service incidents and collaborated with third-party vendors for quick resolution.
- Worked with Taiwan-based teams for firmware patch releases and documentation.

EDUCATION

Bachelor of Computer Applications Institute of Basic and Vocational Education	2014 -2017
Diploma in Computer Science Institute of Basic and Vocational Education	2011 -2014
SSLC Sri Aurobindo Vidya Mandir	2009 -2010

CERTIFICATIONS

- PG - Cybersecurity** Great Learning
- ITIL** Simplilearn
- CC - ISC2**
- CCNA - JETKING**
- JCHNP - KETKING**

ACHIVEMENTS

- Security Optimization: Deployed CrowdStrike Falcon, improving endpoint protection and reducing breaches.
- Cost Reduction: Optimized IT budget by transitioning to OPEX-based asset management, cutting operational costs.
- Leadership Recognition: Received the Gaurav Award (3 times) for excellence in IT security and infrastructure.
- Infrastructure Implementation: Led the setup of centralized CCTV surveillance (2000+ cameras) across multiple locations.
